Sent from Mukden a. m. 19th  
Received by the Ministry a. m. 19th Sep.

To Foreign Minister, SHIDEHARA  
From Consul-General, HAYASHI

No. 621

On the evening of Sep. 17th, the chief of the general affairs section of the Fushun Mine visited me at the consulate-general and made the following report:-

"On Sep. 14th, the commander of the garrison at Fushun held an emergency defence meeting and called for the attendance of the chiefs of the veterans' association, the police-station, the military police and the general affairs section of Fushun Mine and the station-masters of Fushun and Taikuantun. The garrison commander said that in view of the plan, as one of the military moves to support the negotiations in the NAKAMURA Incident, he was going to leave on the 18th at 11.30 or 11.40 p. m., to detrain at Minhsiangtun, to ford the Hunko and to attack Chinese airplanes, he was asking the Manchurian Railway to prepare a train and that, after his departure, the defence party, consisting chiefly of veterans would attend to the defence of the Mine. He asked that the matter be kept in the strictest confidence. On the morning of the 17th, however, he reported that the matter was temporarily postponed because of the state of the negotiations."

In spite of my feeling that the matter had been planned by the local garrison out of excitement at the NAKAMURA Incident and would not be carried out, I got in touch with Director KIMURA by way of precaution and was on the alert, when unfortunately a collision occurred on the night of the 18th.

The message was relayed to Peiping and Nanking, China.

No. 664 (Top Secret)

I beg to inform you of the following for your information. According to director KIMURA, the Manchurian Railway Company tried to send line-men to the spot for repairs directly after the blowing up of the railway tracks, but was hindered by the army from repairing (omitted?) There were some traces that might have been caused by the blowing up of about seventy centimeters of the down track and about ten centimetres of the up-track. Only two sleepers being damaged and the total length of the part blown up being less than one metre, it was said that the repair could have been done very easily. A special service policeman of the Mukden Police was said to have overheard some soldiers saying to each other that they thought they would have a night practice again when they were ordered to get ready and wait at noon but that it turned out to be a real battle - contrary to their expectations. And in the afternoon of the 18th, a member of my office overheard an officer from Haichong to Mukden saying to the effect that he had come there after having taken farewell cups in anticipation of the worst.

Telegram No. 857 (Cipher - Secret)

There was a rumor on the 3rd among a certain circle of the Japanese residents here that the organization of the Liaoning Autonomous Government with Yuan Chin-Kai as its leader had been decided upon. A message to this effect is said to have been wired to Japan proper. This is a pure fabrication, and I heard that Yuan, for instance, told a certain influential Japanese that such a nonsensical report was extremely embarrassing to him/.

As for the origin of the incorrect telegram mentioned above, I guess that our newspapermen were informed that on the 2nd, yesterday, Col. DOIHARA summoned Ting Chien-Hsiu, a member of the local Peace/Preservation Committee and persuaded him to open financial and business offices; that Ting replied that since the matter was of great importance, he would answer on way or the other after thorough deliberation with the leaders, and he retired. They added their own imagination to this, and tying it up with the establishment of a new regime, they spread propaganda about it as if it were an actual fact. Furthermore, in regard to the above-mentioned request by DOIHARA, Yuan Chin-Kai, Ting Chien-Hsiu, and others cannot foresee the future policy of the Japanese Army. It seems that they, hearing of the recent formation in Chinchow of the Liaoning Provincial Government through the instigation of Cheng Hsueh-Liang, are of the opinion that it is impossible in the present situation for the local Peace Preservation Committee, which is merely an organ, to keep public order in the walled city of Mukden, to start such important administrative organs as financial and business offices.

Re: My telegram No. 808

The Four Peoples Preservation Committee, whose president is Kan Chao-Hsi, is an organization whose establishment as a complete religious and charitable organization to extend relief to the poor has been authorized by the municipal office. Lately, with the above Four Peoples Preservation Committee as the basis, YOSHII, Kiyoharu and others, in conspiracy with Kan Chao-Hsi and others, are planning the establishment of the new political regime and it is a fact that they are trying to negotiate with the army.

It is said that the military authorities recognized that this maneuver would not only effect a bad influence upon the Local Peace Preservation Committee supported by the army but would also be contrary to their fundamental policies, and on the fifth, Col. DOHARA and gendarmerie detachment Commander Mitani admonished Lieut. General Ishinaka, who came with Yoshii, that it was very unfortunate that he was being taken advantage of by such an adventurer as Yoshii and advised Yoshii to resign voluntarily.

Dispatched: From Mukden, 16 October 1931, PM  
Received : 16 October 1931, PM

Telegram No. 995 (Cipher)

Although the Municipal Government office here had been composed, as you know, of Japanese section chiefs under Mayor Col. DOIHARA, in accordance with the stabilization of public peace, preparations are steadily being made under a policy of having the local preservation committee appoint a Chinese Mayor and have Chinese as chiefs of every section as soon as possible. After the above appointments have been decided it is the plan of the army to have every Japanese resign from their present posts and to utilize Japanese experts as advisors in every field. I request that the above be withheld from the press for the time being.

Transmitted to the Minister, Peking, Nanking, Tsingtao, Tsinan, Tientsin, Hankow, Canton and each consul in Manchuria.

From Consul-General HAYASHI in Mukden to  
Foreign Minister SHIUEHARA.

Dispatched: MUKDEN, p.m. October 13, 1931.

Received: a.m. October 14, 1931.

Telegram No: 963 (Code)

Telegram addressed to me, dispatched from CHENG CHIATUN,  
No. YU-16.

1. With reference to the independence movement of MONGOLIA, it is as reported previously, but according to an information from Mongolian source, Chief PAO of TAIKENGZU is expected to proceed in a day or two to TUNGGLIAO with 1500 young Mongols who are all equipped with arms, and formed into a cavalry unit, and also with 25 horse carts fully loaded with war materials. It is also reported that there is a private commitment whereby up to 10,000 pieces of arms will be supplied by the Japanese Army. Forty some odd persons, including the families PAO and his staff left for MUKDEN on the 9th.

2. Our armoured coaches accompanied by 50 infantrymen of this place left here for TUNGGLIAO on the 9th, carrying the residents who intend to return to TUNGGLIAO. The troops came back in the evening of the 9th. According to a fellow traveler, he states that almost all doors in the entire town of TUNGGLIAO have been closed, in fear of the invasion of the Mongolian troops and that no military police were in sight and the situation is one of terror. A small unit of engineers, who were with the above mentioned move, completely destroyed with explosives the junction point of the SHUPINGKAI-TAONAN and the TAIHUSHAN-TUNGGLIAO Railways at the TUNGGLIAO station. This demolition job, it is reported, was directed by Captain OTA, a staff officer of the Army Headquarters.

3. According to KIKUTAKE, Chief of the South Manchurian Railway's local office, he says that our Army supplied CHANG AIPENG of TAONON with 5,000 rifles in order to give him independence; that CHANG, however, asked for further assistance to the extent of two hundred thousand yen as a war fund; that it is rumored that the South Manchurian Railway, in connection with the recent incident, will advance about three million yen of secret military fund, but that when this is realized, our Army will probably lay out its plan with the above fund.

Number 4-1-341

Addressed to Foreign Minister SHIDEMARA  
from Acting Consul-General MORISHIMA at MUKDEN.

MUKDEN, Despatched P.M.,  
December 2, 1931.  
Received P.M.,  
December 2, 1931

Telegram No. 1449 (Code).

Telegram No. 48 from HAILUNG addressed to me.  
Referring to Outgoing Telegram No. 47

According to a report from the branch office at SHAN-CHENG-TZE, 1000 fur coats and 1,000 wadded military uniforms, besides 100,000 yuan for war expenditure, 10 machine-guns, and 200,000 rounds of ammunition, (an additional 100,000 rounds are expected to be sent later on) which are to be supplied to YU CHIH SHAN, are said to have been sent on the 30th, accompanied by a certain Japanese M.P. sergeant named INUDO, four other persons, as well as SAKATA and MASUI.

However, as informed you by the previous telegram, it is not only extremely doubtful if YU can make his men and leaders fully understand his orders, but the present potential force of the anti-Japanese feeling of the local populace is not known clearly, added to which YU's opportunism and the poor state of preservation of local peace and order are as per my frequent previous reports, so that, although I have nothing to say against the supply of military expenditure to him /T.N. YU CHIH SHAN/, it is yet extremely premature to supply him with arms, and there are many points that I fail to understand in regard to the steps taken by the Army.

In my humble opinion, there are many doubtful points yet as regards YU's sincerity, and in view of his still maintaining a doubtful attitude in spite of my having persuaded him sincerely to go to MUKDEN as requested by the Army, and as there appear to be no hopes at all of satisfactory and good results being brought about by showing justice towards him, I beg you to kindly inform the Army to this effect at your discretion.

Received: P.M., Oct. 27, 1931

Telegram No. 1122 (Code Restricted)  
Telegram From Me to TIENHSIN  
No. 17

HSIEN-CHIEH-SHIN visited me on 27th and confided in me as follows:

By making a cat's-paw of LO CHEN-YU, some of the members of the staff of the KWANTUNG Army attempted at first to draw out Emperor HSUAN TUNG to Manchuria, but this plan did not make much headway owing to the Emperor having backed out as a result of KASHII, Commander of the Japanese Garrison Troops at TIENHSIN, having advised the Emperor to be prudent. Therefore they, by dispatching a certain UEZUMI /T.N.?, a political free lancer, to TIENHSIN later on in order to consult Battalion Commander SAKAI, possessing radical views, had planned to kidnap the Emperor to TANGKU, where he was to be put into a cargo-boat and then landed at YINGKOW; however, this plan could not be realized due to the strict watch kept by the Japanese police at the Emperor's residence. Consequently, it has been arranged to newly entrust Col. DOIHARA with the aforementioned mission, and the Colonel left here secretly for TIENHSIN via DAIREN with a political free lancer named Takeshi OTANI on the evening of the 26th. (Free lancer Tetsusaburo KUDO might perhaps join this party from DAIREN). On arriving at TIENHSIN they are expected to resort to some suitable measure for executing the plan.

Furthermore, the other day Staff Officer MIURA of the Garrison Troops came on a visit here for liaison purpose in this matter.

This wire has been relayed to the FOREIGN MINISTER, Ambassador to China and PEIPING.

To Foreign Minister YOSHIKAWA  
From MORISHIMA, Acting Consul-general in MUKDEN

MUKDEN Sent, afternoon, 28 Jan, 1932

Arrived, afternoon, 28 Jan, 1932

Telegram No. 158 (in code: restricted)

secret

Concerning our telegram No. 151

According to an informal, confidential conversation with key military men, four representatives from MUKDEN, KIRIN, HEILUNG and HULUMPNIERE (JENOL is going to join later, but it cannot join just at present because of geographical and political circumstances) will first of all make a declaration of independence under joint signature at the beginning of February, and then promulgate the constitution on the 11th or the 18th. The name of the country will be TOWAJIYUKOKU/ country of Eastern Harmony and Liberty/ and the era, will be designated as KENKOKU (national Foundation) (this may be changed as they are in the midst studying it now). They will ask Emperor HSUAN-Tung to be their President; his term of office for the time being is to be seven years. Under the president, will be established four Yuan, namely, administrative, legislative, judicial and inspection. The Administrative Yuan shall consist of seven departments—Home and Foreign Affairs, Military Administration, Industry, Communication, Justice and Finance. TSANG-Shi-e is to be recommended as the president of the administrative Yuan. Apart from this, the Councillors Yuan, the members of which will mostly be Japanese, will be established as a consultative organ for the President, and all important political matters will have to be approved by the Councillors' Yuan. It is planned that CHANG Ching-hui will be recommended as its president. We are told that the draft copy of the declaration of independence, as well as that of the constitution, have already been prepared. In connection with this matter, Colonel ITAGAKI left for Port Arthur on the 27th by plane, in order to consult with Emperor HSUAN Tsung.

This telegram has been forwarded to the Minister, PEIPING, MUKDEN, KIRIN and CHICHINAERE.

Sent from Mukden p.m. of 21st Feb. 1932

Received a.m. of 22nd Feb. 1932

Telegram No. 269 (Cipher)

As I have wired you several times before, the new nation is in the process of formation, a fixed policy under the leadership of the military. I suppose that the Government is now carefully deliberating this matter. But under the present circumstances no matter what policies are decided by the Cabinet, they will not provide us with any means of stemming the trend; there is no doubt that we shall have to devote ourselves wholeheartedly to the realization of the above in the form of "national self-determination" (quotation marks inserted by translator). Conditions being as described above, and with these facts as a premise, I cannot but choose to guide the military in such a way that they will avoid causing trouble in foreign relations. With that understanding, I have taken measures concerning the problem of maritime customs mentioned in telegram No. 270 and other problems. If you have any suggestion, please be kind enough to wire a reply at once.

Copies of the telegram have been sent to the Minister, Peiping, Kirin, Harbin and Chichiheerh.

MUKDEN dispatch.

Received on the morning of January 5, 1932

Telegram No. 21 (Cipher. Restricted secret)

A telegram dispatched from me to TIENTSIN  
No. 2

Today, the 4th, Colonel DOIHARA paid me a visit. He is leaving today for TIENTSIN, expecting to stay there for about a week. He expressed his intention that he would call on you only, trying to avoid interviews with the Japanese people, if possible. Judging from the fact that he asked me to keep his trip to TIENTSIN entirely secret and from other things that he said, I presume that his job is to settle the matters relating to the previous negotiation.

Transmitted to the Minister and PEIPING.

From Consul-General HAYASHI in MUKDEN to Foreign Minister SHIDEHARA.

MUKDEN dispatch - afternoon of 13 October 1931

Received, afternoon, October 13th, 1931.

Telegram No. 955 (Code, Top Secret)

According to reliable sources we are notified that the Municipal Administrative Office has planned the monopolization of the opium and the issue of the lottery tickets for the purpose of raising their funds, and has asked the Headquarters of the Army for their approval. We are also informed that though the Headquarters of the Army had no objections to the plans, they instructed the office to state the stipulations clearly and get the approval of the Headquarters before the plans are put in operation, and also to report the stipulations to the Consulate and the Police Station. Not only are the monopolization of opium and the issuing of the lottery tickets naturally unfavorable from the viewpoint of international relations and so forth, in general, but they are the materialization of a part of the plans of the Army, marked SECRET No. 781 of October 2nd. Therefore, regarding this matter, we ask you to call upon the top army to immediately check this movement, and in consideration of the delicate situation kindly take special care to preserve absolute secrecy from the army as to the receipt of this telegram and the contents of the above-mentioned official letter.
